Careless Driving Causes Runaway

Dr. Layton who was here from Kansas City on a visit bappened to be near and assisted in picking up the woman and children and accompanied them to the home of Henry Ehrich where they were given medical attention. Aside from many bruises none were hart, however. A girl about 15 years of age was driving the car. The buggy was on the right side of the street, the view was not obstructed in any way and there was no cause for the accident except carelessness on the part of those in the car.
